

AMIEL JAKE BARIL

FULL STACK DEVELOPER

Metro Manila | 09858146011 | amieljake929@gmail.com

OBJECTIVE

Detail-oriented Full-Stack Developer with hands-on experience in building web applications using React and Node.js. Proficient in developing RESTful APIs, optimizing application performance, and crafting responsive user interfaces with a strong commitment to clean and maintainable code.

EXPERIENCE / PROJECT EXPERIENCE

School Management System III

2025 – 2026

Full Stack Developer

sms3.jampzdev.com

- Spearheaded and directed the project team as Lead Full-Stack Developer for the capstone system.
- Developed the web application using Laravel Framework, PHP, JSON, Node.js, and RESTful APIs while structuring the centralized database and user access controls.
- Successfully delivered a fully functional web system ahead of deadline, eliminating manual grading delays and streamlining student record management
- Facilitated daily progress check-ins and code reviews with team members to resolve development bottlenecks quickly.

Barangay Management System

2025 – 2026

Full Stack Developer

brgybagbag.jampzdev.com

- Engineered a full-stack web application from initial setup to deployment.
- Built mobile-first interfaces using Tailwind CSS and HTML, integrated RESTful APIs, and handled backend workflows with PHP and Node.js.
- Digitized barangay resident records and automated document requests, reducing manual paperwork and processing time for local staff.
- Optimised database queries and API responses to ensure fast loading times even with large resident datasets.

On-the-job Training (OJT) - IT / Technical Support Intern

2025 – 2026

Philippines Red Cross - QC Chapter

December – March

- Provided tier-1 technical support, bug testing, and visual design assets for the organization.
- Troubleshoot hardware/network connectivity issues, logged software bugs for the dev team, and designed promotional materials (pubmats).
- Minimized workstation downtime for staff, improved internal software stability through QA testing, and enhanced the visual reach of chapter announcements.
- Communicated technical solutions clearly to non-technical staff to build strong rapport and ensure fast issue resolution.

EDUCATION

Bachelor of Science in Information Technology

2022 – 2026

Bestlink College of the Philippines

Metro Manila
